StakeStatus

The stake's possible status: active, pending, or unstaked.

```
enum StakeStatus {
  ACTIVE
  PENDING
  UNSTAKED
}
```

Values

`StakeStatus.ACTIVE`

The stake object is active in a staking pool and it is generating rewards.

`StakeStatus.PENDING`

The stake awaits to join a staking pool in the next epoch.

`StakeStatus.UNSTAKED`

The stake is no longer active in any staking pool.
