

MoveData

The contents of a Move Value, corresponding to the following recursive type:

```
type MoveData = { Address: SuiAddress } | { UID: SuiAddress } | { ID: SuiAddress } | { Bool: bool } | {  
Number: BigInt } | { String: string } | { Vector: [MoveData] } | { Option: MoveData? } | { Struct: [{  
name: string , value: MoveData }] } | { Variant: { name: string, fields: [{ name: string, value:  
MoveData }], }
```

scalar MoveData
