

MovePackageCheckpointFilter

Filter for paginating [MovePackage](#)s that were created within a range of checkpoints.

```
input MovePackageCheckpointFilter {  
  afterCheckpoint: UInt53  
  beforeCheckpoint: UInt53  
}
```

Fields

[MovePackageCheckpointFilter.afterCheckpoint](#) • [UInt53](#)

scalar

Fetch packages that were published strictly after this checkpoint. Omitting this fetches packages published since genesis.

[MovePackageCheckpointFilter.beforeCheckpoint](#) • [UInt53](#)

scalar

Fetch packages that were published strictly before this checkpoint. Omitting this fetches packages published up to the latest checkpoint (inclusive).
